# Aarav Sharma

aarav.sharma@example.com | +91 98765 43210 | Hyderabad, India | linkedin.com/in/aarav-sharma

## SUMMARY

Full-stack engineer with six years of experience building reliable web and mobile products. Comfortable owning a feature from the data model to the last pixel of the interface, and mentoring teammates along the way.

## EXPERIENCE

### Senior Software Engineer, Brightwave Technologies

Mar 2022 - Present

- Led a team of five to rebuild the customer dashboard in React and TypeScript, cutting page load time by 42%.
- Designed REST and GraphQL APIs serving 1.2 million requests a day with 99.95% uptime.
- Introduced automated testing and code review standards, reducing production bugs by 30%.
- Mentored four junior engineers, two of whom were promoted within a year.

### Software Engineer, Northlake Systems

Jun 2019 - Feb 2022

- Built an inventory service in Node.js and PostgreSQL used by more than 200 retail stores.
- Automated deployments with Docker and GitHub Actions, shortening releases from days to hours.
- Worked with designers and product managers to ship over 15 customer-facing features.

### Associate Engineer, Zenith Infoworks

Jul 2017 - May 2019

- Developed internal reporting tools in Python and SQL that saved the finance team about 20 hours a week.
- Resolved more than 150 support tickets and documented the fixes in the team knowledge base.
